

New Patient Registration Package

Michael Rothschild, MD

Hello, and welcome to my office! I know that your time is valuable, so I have prepared this package of documents to help speed up the registration process. By filling out these forms before your first visit, we can keep the time you spend in the waiting room as short as possible. To save even more time, feel free to fax or email them ahead of time. The fax number is (212) 996-2703, or you can email them to staff@parkavenueent.com

There are five main documents in the registration package:

- 1) New Patient Registration Form (1 page)- Please fill this out as completely as possible, especially the sections regarding your child's primary care doctor. Insurance information is also important, so that we can help ensure that your policy applies to the cost of your visit ahead of time.
- 2) Medical History Form (1 page)- Please provide the reason for this consultation, any other medical issues, any allergies, and any current medications.
- 3) Acknowledgement of Financial and Privacy Policies (1 page)- This document outlines the policies of our practice with regard to health insurance, payment for services and patient privacy. Please complete and sign this form, acknowledging that you have received our notice of privacy practices, and that you understand our office policies.
- 4) Pharmacy information form (1 page)- As of March 27, 2016, written prescriptions are no longer valid as per New York State law. All prescriptions must be transmitted electronically.
- 5) Notice of Privacy Practices (3 pages)- Effective as of April 14, 2003, there are a set of federal regulations (HIPAA) concerning the appropriate use of information related to health care. Part of these regulations stipulate that you must be informed of the impact of this legislation. Feel free to contact us with any questions, since we are not allowed to provide care unless these guidelines are complied with. This form is for your information only- you do not need to return it to us.

I hope that getting this paperwork done ahead of time makes your visit easier. Please feel free to contact me if you have any further questions.

Best Wishes,

Michael Rothschild, MD

Acknowledgement of Financial & Privacy Practice Policies

Dear Patients:

Welcome to our office! Our goal is to provide the highest standard of patient care and it is essential that we establish a clear understanding of our Financial and Privacy Policy with our patients. Should you have questions or concerns about our fees, policy, your financial responsibility or our privacy practices, please do not hesitate to ask.

IN-NETWORK INSURANCE - Dr. Rothschild participates in various insurance plans. If Dr. Rothschild is considered "in-network" with your carrier, you are responsible for all co-payments at the time of service. You may also have in-network deductibles and coinsurances for all procedures done at the time of service. Once we receive the EOB from your insurance carrier, we will send one statement for the balance.

OUT-OF-NETWORK INSURANCE - We ask for payment in full at the time of service and as a courtesy, we will gladly submit the claim form to your insurance carrier for your reimbursement consideration. Dr. Rothschild's team is committed to maximizing your insurance benefits and will work closely with you and your insurance carrier. Please contact your insurance company directly for details regarding your out-of-net work coverage.

SELF PAY PATIENTS - We ask for payment in full at the time of service and will provide you with a receipt for your records.

REFERRALS - If your insurance company requires a referral to see a specialist, it is the patient's responsibility to obtain prior to the appointment. Please remember that referrals expire and you are responsible for renewing with your primary care physician or pediatrician. If you are unable to obtain a referral prior to your appointment you are required to pay for the visit at the time of service.

CANCELLATION POLICY - We understand that unexpected events occur and we ask that you contact the office as soon as possible to cancel or reschedule your appointment. In the event you do not arrive for your appointment you may be charged a cancellation fee. We ask that you arrive promptly for your appointment, as we want to provide as much undivided attention and care to you and your family. If you are more than 10 minutes late for your appointment, we will consider you a "fit in" patient and will be seen when time allows.

DIVORCED/SEPARATED PARENTS OF MINOR PATIENTS - The parent who consents to the treatment of a minor child is responsible for payment of services rendered. Dr. Rothschild or his staff will not be involved with separation or divorce disputes regarding payment and/or services. If the patient is 18 or over, they will be required to sign an authorization form consenting to disclosing medical/financial information to the parents.

PAYMENT METHODS - We accept Visa, MasterCard, American Express, checks and cash.

DIAGNOSTIC PROCEDURES - During the process of your evaluation and management by Dr. Michael Rothschild, he may deem it appropriate and necessary to more closely examine your ears, nose, and/or throat using commonly tried and tested methods and in-office mildly invasive diagnostic procedures. Your insurance company may list these codes as surgical in nature even though they are performed in the office. Such procedures can include, but not limited to, Nasal Sinus Endoscopy (31231), Laryngoscopy (31575), Cerumen Removal (69210), and hearing testing. These procedures are the doctor's only tools to be better able to diagnose and treat your medical issues. You will be financially responsible for anything applied to your deductible and/or co-insurance arising from the billing of these codes.

AGREEMENT - *I authorize my insurance benefits be paid directly to the physician. I understand that I am financially responsible for any balance. I also authorize Dr. Michael Rothschild or my insurance company to release any information required to process my claims.*

I have had full opportunity to read and consider the contents of your Notice of Privacy Practices. I understand that by signing this consent form, I am giving my consent to your use and disclosure of my protected health information to carry out treatment, payment activities and health care operations.

Notice of Privacy Practices

Michael Rothschild, MD

This Notice describes how medical information about you or your child may be used and disclosed and how you can get access to this information. Please review it carefully.

This Notice will tell you about the ways we may use and disclose medical information about you. We also describe your rights and certain obligations we have regarding such medical information. We are required by law to make sure that medical information which identifies you or your child is kept private, to give you this Notice of our legal duties and privacy practices with respect to your medical information, and follow the terms of the Notice that is currently in effect.

This notice covers the medical practices of Dr. Michael Rothschild and Dr. Jacqueline Jones, and their employed personnel. It is effective as of April 14, 2003.

Using and Disclosing Medical Information

The following categories describe different ways that we use and disclose medical information.

Treatment

We may use medical information about you or your child to provide you or your child with medical treatment or services. We may disclose medical information about you or your child to doctors, nurses, technicians, medical students, or other personnel at our affiliated institutions (Weill Cornell, New York-Presbyterian Hospital, Mount Sinai Medical Center, Lenox Hill Hospital, Manhattan Eye and Ear Infirmary, Elmhurst Hospital and Refuah Health Center), who are involved in taking care of you or your child. For example, a doctor treating your child for sinusitis may need to know if he or she has diabetes, because diabetes may affect the treatment. Different departments of the affiliated institutions also may share medical information about you or your child, such as prescriptions, lab work and x-rays, to coordinate your treatment. We also may disclose medical information about you or your child to medical personnel outside the affiliated institutions who may be involved in the medical care of you or your child. Specifically, we will communicate the results of our consultation with your primary care physician, your child's physician (pediatrician) and the physician who referred you or your child to our office.

Payment

We may use and disclose medical information about you or your child so that we may bill for treatment and services, and so that we can collect payment from you, an insurance company or another party. For example, we may need to give information about surgery you or your child received or are going to receive to your health plan

so that the plan will pay us or reimburse you for the surgery. In the event a bill is overdue, we may need to give information to a collection agency as necessary to help collect the bill or may disclose an outstanding debt to credit reporting agencies. We may also disclose information about you or your child to our Affiliated Institutions and other healthcare facilities for purposes of payment as permitted by law.

Health Care Operations

These uses and disclosures are necessary to run these institutions and make sure that all of our patients receive quality care. For example, we may use medical information to evaluate the performance of our staff in caring for you. We may also disclose information to doctors, nurses, technicians, medical students, and other medical personnel for educational purposes. We may also disclose information about you or your child to other healthcare facilities as permitted by law.

Appointment Reminders; Treatment Alternatives; Health-Related Benefits and Services

We may use and disclose medical information to contact you to remind you that you or your child have an appointment for treatment or medical care, or to contact you to tell you about possible treatment options and health-related benefits and services that may be of interest to you.

Individuals Involved in Your Care or Payment for Your Care

We may release medical information about you or your child to a friend or family member who is involved in your medical care or who helps pay for your care. We may also tell your family or friends about your condition or the condition of your child. If you do not wish us to share this information with such individuals, please follow the procedures described in the Right to Request Restrictions section of this Notice below. In addition, we may disclose medical information about you or your child to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status and location.

Research

All research projects are subject to a special approval process before your medical information may be used or disclosed. An institutional review board oversees all research involving human subjects, and even chart reviews cannot be undertaken without specific approval of the board. Furthermore, before any patient-specific information (such as a name or contact number) can be used in this manner, you would be contacted for specific written permission. You are not under any obligation to give such permission at any time. Agreeing to this privacy policy does not mean that you are allowing your medical records to be used for any such research purposes.

As Required By Law

We will disclose medical information about you or your child when required to do so by federal, state or local law.

Other uses and disclosures of medical information not covered by this Notice or the laws that apply to us will be made with your written authorization, on an appropriate authorization form.
